Good morning Diana,

I would like to bring this request from one of our local residents and LASAN supporters, Ethan Higuera, concerning the McCadden/DeLongpre location. Mr. Ethan wrote - "As of tonight, a large majority of the encampment has left. Completely cleared out. McCadden is pretty clear and DeLongpre is down to 3 tents. But with the departure came the leaving behind of a lot of trash. So much trash that mice were visible running around the streets tonight running through all the trash. Needles and other hazardous items are loosely and dangerously discarded."

Can you make this site first to our assigned locations for today's CARE operations?
Please advise.

Thanks a lot.
